Total Center Enrollment	102	88.93%

Note: 2 pregnant mother enrolled

October Attendance Winners!

Lighthouse Academy of Excellence

Room B

Kendra Moore

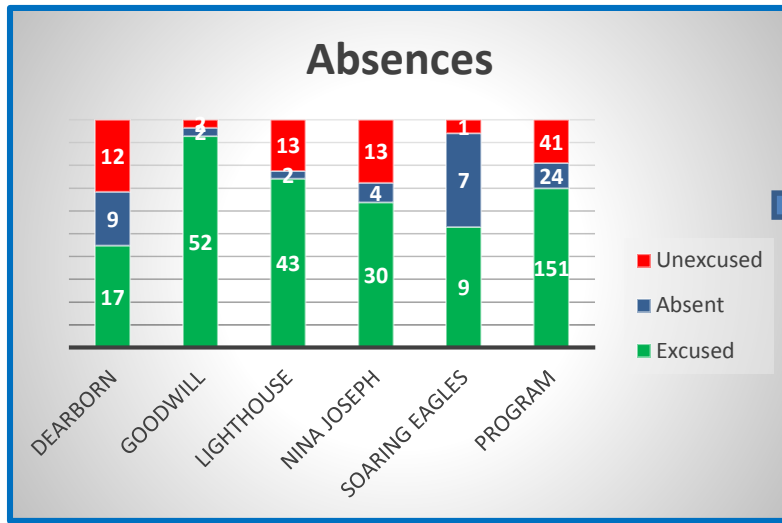

Symone Packer

The average daily attendance for 2014-2015 is holding strong. October improved from 88.93% to 90.29%. However, we are entering into the flu season which is always a challenge. Challenge the classrooms at your center to continue to strive for good attendance.

It is important for parents to inform the teacher of the reason for the absences on the day the child returns. Once the child's attendance falls below 85% the staff will contact you to follow up with an attendance plan.

Early Head Start Mobile! Director's Program Information Report November 19, 2014

In October 65 absences were either unexcused or were not Coded (absent).

In-Kind

Please remind your parents that our ability to maintain funding depends on community involvement. Remember we are asking each parent to volunteer at least one hour each week, or four hours each month. No parent volunteer hours have been submitted for January.

School Readiness/Family Engagement

On October 23, 2014, the first school readiness checkpoint for tracking child outcome progress was finalized. Early Head Start uses an online assessment tool called Teaching Strategies GOLD to document each child's progress. Teachers are working with the data to help them develop lesson plans appropriate for meeting the needs of each child. The program progress report is attached to this document.
